

GET VACCINATED THIS RAINBOW WEEK!

We are getting behind **#fabjab** this rainbow week with a pop up vaccination clinic at our Preston health centre!

- Walk-ins welcome
- You must be aged 12 and over
- Astra Zeneca or Pfizer available
- We can administer first or second dose vaccinations
- For second dose Pfizer: at least 3 weeks since your first dose
- For second dose Astra: at least 6 weeks since your first dose

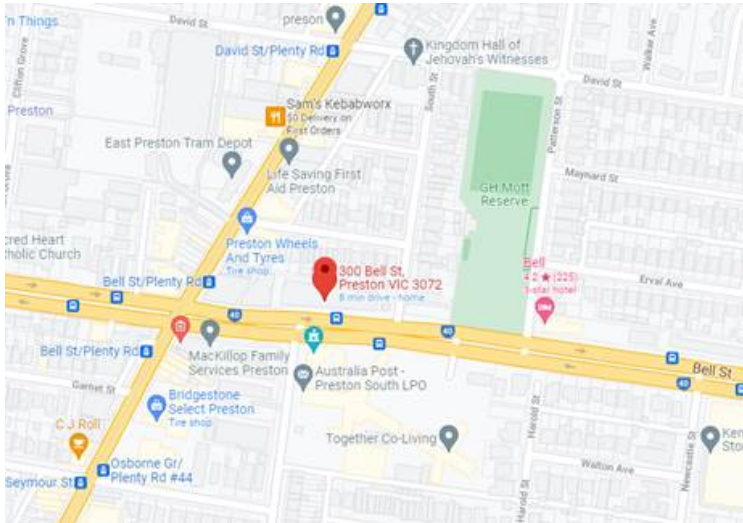

Getting vaccinated keeps you, your family and your community safe. As part of rainbow week our TGDICH has teamed up with key community partners to offer vaccinations in a safe and welcoming space.

Where: Your Community Health - PANCH
300 Bell St Preston 3072
Date: Thursday 21st October
Time: 9:30am - 4:00pm
Cost: Free!

**fab
jab**

Our Peer Navigators will be available on the day to answer your questions. We are here to listen to you and learn how we can improve our health services to better meet your needs.

- Parking: available on rooftop car park. More parking available on street level along South St
- Entrance to clinic: from Bell St entrance or via lift from upper level car park
- Safety: COVID screening questions and fever checks and signing when you arrive

#fabjab is a partnership between key community organisations and supported by government to provide access to recourses and to help you get vaccinated in safe and welcoming environments. Visit <https://joy.org.au/fabjab> for more information on where you can get #fabjabbed!
